

REMARKS

By this Amendment, claims 3-7, 9-15, 26-32, 35-39, 41-45, 53-56, 103-106 and 109-110 are cancelled without prejudice or disclaimer. Claims 107, 108, 111, and 112 are amended to overcome the objections and rejections included in the Office Action. Claims 107-108 and 111-112 are pending.

The prior art rejections of the cancelled claims are rendered moot by their cancellation. Applicants overcome the double patenting rejection of the remaining pending claims by filing the attached Terminal Disclaimer which disclaims any patent term associated with the above-identified application extending beyond that of U.S. 7,058,363.

All objections and rejections having been addressed, Applicants request immediate allowance of the above-identified application and issuance of a Notice to that effect. However, if anything further is necessary to place the application in condition for allowance, Applicants request that the Examiner telephone Applicants undersigned representative at the number listed below.

Please charge any fees associated with the submission of this paper to Deposit Account Number 033975. The Commissioner for Patents is also authorized to credit any over payments to the above-referenced Deposit Account.

Respectfully submitted,
